

Server problems

Contributed by Calvin Jones
Thursday, 18 May 2006

Earlier today the web server this site runs on suffered a serious hardware problem and the site and e-mail was out of action for about five or six hours. Our free hosting provider, Byethost, were quick to identify the problem and worked hard to get things back up and running as quickly as possible

Apologies for any inconvenience this may have caused to any of our users. Everything is back to normal now, and we'll be posting more news items and stuff about the upcoming festival over the coming days and weeks, so keep checking back to see what's new.

Thanks,

Calvin Jones
